or

Mr. Erik Potts
(erik.potts@wright.edu)

- **Who are we?** Miami Valley area professionals that have a passion for teaching mathematics. We are K-12 teachers, college professors, and people from industry and local government and military agencies.
- **What do we do?** Provide mathematical enrichment and competition opportunities to area children. We study topics not typically taught in K-12 mathematics and reinforce those learned in school.
- **When do we meet?** Every 2nd and 4th Saturday of the month from 10:30am-Noon during the school year (September through May).
- **Where do we meet?** On the second floor of the Mathematical and Microbiological Sciences (MM) Building at Wright State University.
- **Cost?** \$40 per student per semester
—Spaces are limited! If space is not available, you will be placed on our wait list. Available spots will be offered first to those at the top of the list.
